The California Regional Water Quality Control Board, San Francisco Bay Region (hereinafter the Board), finds that:

1. **Regional Board Orders:** The Board adopted site cleanup requirements for this site on February 21, 1996 (Order No. 96-023).
2. **Reason for Amendment:** Provision 8 of this order requires the dischargers to provide copies of various documents to public agencies, including the Santa Clara County Health Department and the Santa Clara Valley Water District. This provision fails to list Cal/EPA's Department of Toxic Substances Control as a recipient agency. DTSC should receive copies of documents pertaining to compliance with this order. The order requires investigation at the Building 4 portion of the site, where the requirements of RCRA apply.
3. **CEQA:** This action is an order to enforce the laws and regulations administered by the Board. As such, this action is categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15321 of the Resources Agency Guidelines.

IT IS HEREBY ORDERED, pursuant to Section 13304 of the California Water Code, that Order No. 96-023 shall be amended as follows:

A. Provision 8 is revised to read:
